1) Reference is invited to Mez dep. 277 of 43 from which it will be seen that the proposal of the Manager of the Sri Sringeri Mutt Branch at Haridwar for fitting up water Supply by Connection to the mutt Building was turned down on the ground that the work could not be taken up now in view of the prohibitive cost of pipe and other materials.

(2) The Officer in charge of Sri Sringeri mutt has now reported that in view of the Adh Kumbh Mela Coming off in April 1945, it is necessary that the three items of works referred to in the margin of para 2 of the P.U.D, and mentioned below, estimated to Cost Rs 1854/- in all, are taken up urgently and executed. It is also stated that in regard to the 2nd item, the Health Officer, Municipal Board, Haridwar, has issued a notice ⊗ to the Manager of the Mutt to get the work done (which Costs Rs. 1004 — the major portion of the Cost, the other two items including the installation

SIR,

Sri Sringeri Mutt building at Hariwar - estimates for installing sanitary fittings and water pipe installation to the building and white and colour-washing the building - sanction sought for -

---

I have the honor to invite reference to your Memo No.6728 dated 23rd May 1944 forwarding a copy of your letter No R 6728 dated 23/5/44 addressed to the Manager of the above Mutt, stating that the work of water supply to the building cannot be taken up now, in view of the prohibitive cost of the materials, etc. The Officer in-Charge, Sri Sringeri Mutt & its properties, Sringeri, in his letter No. O.C.286/43-44 dated 29th July 1944 (copy enclosed, together with its enclosures), has stated that the Manager of the Mutt at Hariwar, has reported that, in view of the high ~~price~~ prices ruling now, it is essential that the following

1) Providing water-pipe installation to the building.
2) Do. flush-type of latrines to the building.
3) White and colour-washing the building.
4) Refittings and renewal of electric connection in the building

[illegible] notice on the Manager of the Mutt, requiring him to [illegible] the flush type of latrines to the Mutt.

The Officer in-charge, Sringeri, has, however, [illegible]

1) Providing water-pipe installation.
2) " flush type of latrines.
3) White and colour-washing the other annual repairs to the buildings.

[illegible]

works, amounting to Rs.[illegible], [illegible] the Manager of the Mutt, [illegible] Rs.[illegible]. [illegible] of the [illegible].

3. Mr. C. R. Iyengar, Superintending Engineer, Jog Power Scheme, who was here on the 3rd August 1944, was consulted on the subject, as he has seen the place. We opined that, in view of the urgency and necessity, the absolute minimum items of work may be taken up.

In the above circumstances, I request that sanction of Government may kindly be obtained to the estimates amounting to Rs 1854, for the works recommended by the Officer in-Charge, Sri Sringeri Mutt and its properties, the cost being met as suggested by Mr.

I have the honor to be,

Sir,

Your most obedient servant,

From

The Officer-in-charge,

To

The Muzrai Commissioner in Mysore,
Bangalore.

Sir,

I have the honour to enclose herewith a copy of letter dated 26rd June 1944, received from the Manager, Horanur Sringeri Mutt, - submitting a notice served on him by the Medical Officer of Health, Municipal Board, Horanur, requiring him to provide flush type of latrines to the Sri Mutt buildings there in view of the very large gathering likely to assemble during the ensuing Jan.Jathra Coming of in April 1945. A copy of this ~~Offices~~ notice is also sent it ed herewith for favour of kind perusal. The Manager, Horanur Mutt, has reported that about two lakhs of pilgrims are likely to visit Horanur during the season and that all temples, choultry, mutts, [illegible]'s and other like institutions have already taken up necessary action for ~~x~~ repair works and improvement works in view of the large gathering of people and the likely large scale income also expected thereat. The Manager has reported that the income realised for the last Fasli (in April 1938) was Rs.1466-7-0. It is stated that one thing is absolutely essential for the occasion is that there will be very difficult then to obtain water from the River Bhadra. Lime and colour washing of the buildings and latrines etc., of the electrical connections are also reported to be necessary and require to be taken up on hand immediately.

The Manager, Horanur Mutt has applied to obtain estimates for each of the above works and also to obtain an extension of time for putting up flush type of latrines as required by the Medical Officer of Health. It is now reported by the Officer-in-charge of the Sringeri Mutt in his letter dated 1st Jul. 1944 that he has to carry out certain other improvements. The estimates (excepting for electrical installations) are now being prepared by a firm of Engineering Contractors from Horanur and submitted for being scrutinised through the Superintendent of Public Works or by the Executive Engineer, Bureau [illegible] Sringeri Range, Kadur,

deemed fit. I enclose herewith the estimates prepared and
endorsed and approved by the Sanitary Engineer in Mysore, Bangalore
(Mr.C.R. Iyengar) after inspecting the buildings during October 1941. This
estimate is for Rs.1064/-. The estimate now furnished is for Rs.1006- -0.
The other estimates prepared by the Executive Engineer, Kolar Division, when
he visited Haravar together with the reports to accompany them are submitted
herewith, for kind perusal and return when done with. These estimates were
sanctioned by the Muzrai Commissioner in Mysore, Bangalore, in his order No.
L.Dis.286/41-42 dated 26th January 1942. The several works envisaged therein
were not taken up on hand owing to war conditions, only ordinary repair works
to the extent of Rs.859/- having been completed out of the sanctioned estimates.

The Manager has reported that unless a water tap is provided
there will be considerable inconvenience caused during the Kurbh mela. The
Medical Officer of Health has required the putting up of flush latrines. In
the above circumstances, it seems desirable to get these works done early. I
therefore request that the above estimates may kindly be got scrutinised and
sanction accorded for these items of works. Regarding the estimate for white
and colour washing etc., the Manager will be asked to take up this work in next
January or thereabouts. The estimate for electrical renewals and refittings
which has not yet been received, will be submitted on receipt. I request the
favour of very early orders in the matter. The cost involved viz., Rs.1854/-
as in the margin, will be advanced from the Sri Mutt funds in the first
instance and adjusted out of the realisations, if any, the Kumbha mela.
